

SO YOU WANT A FREE IPHONE?

IT'S EASY!

Hello and thanks for downloading this free ebook. It is intended to show you how you can go about getting your hands on your very own [iPhone](#), entirely for free, without having to spend a penny!

[Simply click on blue highlighted links anywhere within to get started!](#)

This is NOT a scam, it is a tried and tested method that is proven to work and we will show you how!

READ ON!

HOW DOES IT WORK?

Basically, in order to be eligible for your free iPhone (or indeed any other gift of your choosing) you must complete at least one offer from whichever giveaway site that you choose to sign up to (more about the sites later).

These offers include trials memberships to such companies and services as LOVEFiLM or Coral betting or Gala Bingo amongst many others. Once you have completed an offer, you simply refer more people to do the same in order to receive credits which you can then redeem for your chosen gift.

The giveaway site is able to give you your free gift because whenever somebody signs up for a trial with a company, the giveaway site is awarded a sum of money as a commercial gesture of appreciation for referring a potential customer to the company. It is with this money that the giveaway site buys your chosen gift!

This is explained in greater detail in the BBC video (see proof section).

THE OFFERS

As stated previously there are many offers you can complete, depending entirely upon how much you wish to spend or whichever service suits you.

For example, if you fancy a wager you can sign up for the Coral offer whereby you are required to deposit £5 and play this through in order to complete the offer and receive your credit. Easy, and you might even win your money back!

If you want to open a new bank account you can sign up for the HSBC offer whereby you simply need to open a current account with the bank to complete the offer and receive your credit. Easy!

But we said you could get an [iPhone](#) for FREE didn't we? Yes we did!

By far the easiest and most popular is the [LOVEFiLM](#) offer which doesn't cost you a penny.

Of course most people know by now that LOVEFiLM is the excellent service which allows users to rent films the easiest way possible. You choose a film to watch, LOVEFiLM posts it to you, you watch it, then you send it back to LOVEFiLM in the freepost envelope which they provide!

All you have to do to complete this offer is sign up for a free, no obligation, zero commitment, 2 week DVD rental trial. Simply select the DVDs you wish to watch and add them to your list. Once you have received and watched the DVD(s) you chose, just send them back to [LOVEFiLM](#) who will then send you the next title on your list.

By ensuring that you leave enough time at the end of the trial for LOVEFiLM to receive your title and that none are in your possession at the end of the 2 weeks, you will not have to pay for anything and your 2 week free trial will have been exactly that. FREE!

You will now have completed the LOVEFiLM offer and you will be eligible for your completed offer credit. All you have to do now is refer people to do the same and wait for [your free gift!](#)

The one highly important thing to note when signing up for an offer is that you'll be given a promotional code to use when registering with the service you chose. It is important that you use this as it is the giveaway network's way of identifying you as the registrant and therefore will be used to ensure you have completed the offer.

WHAT GIFTS CAN I CHOOSE?

You can in fact choose **ANY** gift to redeem your credits for not just **iPhones**, some of the other choices are illustrated below. You can also choose **custom orders** if there is something you want that isn't featured on the freebie site itself. Simply choosing the **custom gift option** and let the administrators know what is that you want and they will in turn let you know how many credits that gift is worth.

HOW MANY REFERRALS DO I NEED FOR MY GIFT?

This varies from site to site but the table below will give you a general idea...

REFERRALS REQUIRED	GIFTS AVAILABLE
2 to 4	iPod Shuffle 1GB or 2GB, 2 console games of your choice, Zen Stone 2GB, Sony Walkman
5 to 7	DS Lite, iPod Nano, PSP, £100 Amazon Vouchers
8 to 10	Nintendo Wii, Xbox 360, iPod Touch, iPod Classic, Sat Navs, £200 Amazon Vouchers
11 to 14	Xbox 360 Elite, PS3, iPhone, Mobiles, DVD recorders
15 and over	Laptops, MacBook, HDTV's, Mobile Phones, £500 Amazon Vouchers

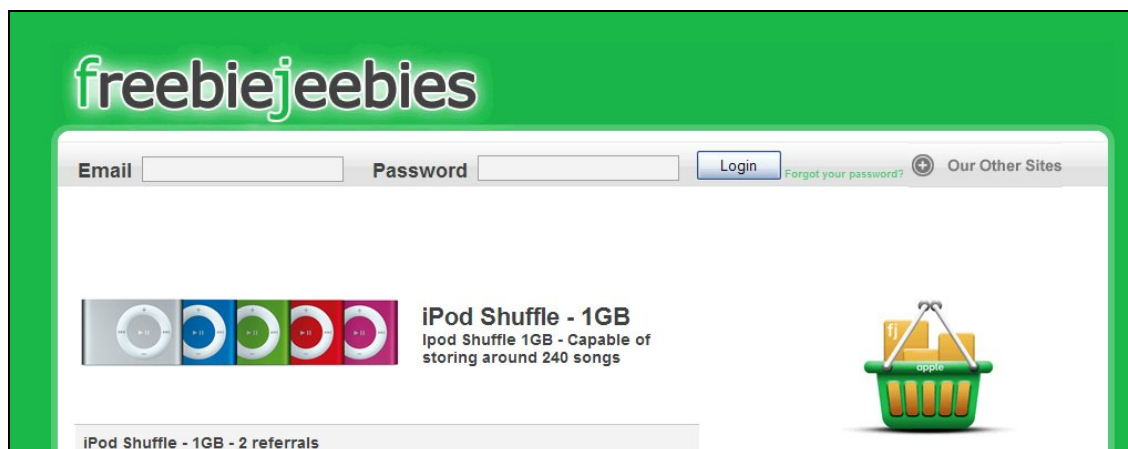

WHICH ARE THE BEST GIVEAWAY SITES?

There are a ton of these giveaway sites out there but two of the most popular are [Freebie Jeebies](#) and the [Kudos Network](#). Both of these are very well established and have great support staff who are on hand to answer your every question. You will also find that they are represented in the Exceem forum (see proof section) and it is for these reasons that it is recommended that you use these two sites.

HOW LONG DOES IT TAKE FOR MY CREDIT TO REGISTER?

Some offers can take up to 14 days to register as completed but most credit within days or even hours. If it doesn't show as completed within this time simply contact the administrators of the site you signed up to who will be happy to help.

CAN I RECEIVE MORE THAN ONE FREE GIFT?

Each website will only allow you to complete one account. Opening a second is against the sites T&Cs and will probably get your account placed on hold, meaning no gift. Some sites allow you however to do their site again after you have received a free gift as you can reset your account. You may find that the item that you want next is on a different site that you haven't signed up to yet.

HOW LONG DO I HAVE TO WAIT FOR MY FREE GIFT?

Be patient! You first need to complete your offer, after which you will need the required amount of referrals. Once you have got all your referrals, your account will be checked to make sure that you have completed the offer correctly and that your referrals have completed their offers correctly also. If either party has failed to abide by the rules, you will not get your gift, so make sure you do!

WHAT IS A REFERRAL?

A referral is somebody who signs up under the link that you are given to promote. You will get this code upon completion of the registration process of whichever sites you choose to register with.

WILL I RECEIVE SPAM AND UNSOLICITED EMAILS?

Never in our experience has this happened.

PROOF

BBC

Giveaway schemes such as this have been around for a while now and have garnered much attention from around the world. The BBC featured such schemes on its Newsnight show and an excerpt from this show can be seen by [clicking here](#).

FORUMS

There are several forums which participants use to communicate and share hints, tips and experiences of the giveaway schemes. On such forum is [Exceem](#) which is perhaps the most popular and well regulated with helpful administrators and members who are always willing to help fellow members.
